Proposed Variation No. 2 Fingal Development Plan 2017-2023.

Environmental Health Submission

14th January 2020

The reasons for the proposed variation is to ensure the alignment of the Fingal Development Plan 2017 – 2023 with the National Planning Framework 2018 and the Regional Spatial and Economic Strategy 2019 and to ensure planning in Fingal has consistency with the proposals outlined in these government strategies.

It is required that all Development Plans shall, so far as is practicable, be consistent with National and Regional Plans, Policies and Strategies which relate to proper planning and development. The Proposed Variation No. 2 will result in the following changes to the Development Plan:

1. Amendments to the Core Strategy and associated tables in the written statement; and
2. Minor amendments to text and objectives/policies throughout the written statement to refer to the National Planning Framework and the Regional Spatial and Economic Strategy.

We have reviewed the text of the Proposed Variation No 2 of the Fingal Development Plan 2017-2023 and are in agreement with the proposed changes.
