**DETAILS OF TREE PROTECTION**

**TREE PROTECTION DETAIL A:**  
HERRAS FENCING OR SIMILAR APPROVED

**TREE TRUNK PROTECTION DETAIL B:**  
HERRAS FENCING OR SIMILAR APPROVED

**NOTE:**  
CMK Hort and Arb Ltd. Arboricultural Consultants were commissioned to undertake a tree survey for the whole of Lanesborough Park including the Community Centre site. The survey assigns a number to each tree and categorises it in terms of quality. The survey records the trees' species, condition and vigour, age, height, girth, root spread and canopy measurements among other observations. Recommendations are made by the consulting arboriculturalist as to a tree's suitability for retention within a redevelopment context and, where necessary and appropriate for reasons of safety, that trees are felled. In this sheet we have included the tree survey on and adjacent to the Community Centre Site. For commentary on the trees as numbered please refer to: Arboricultural Assessment and Impact Report, Lanesborough Park, Dublin 11 Rev 8 by CMK Ltd.
