- General Notes:**
1. All signs to be in accordance with Chapter 8 of TSM and TTM Design Guidance Document 2019.
 2. Signs to be placed so as not to cause hazard to road users and pedestrians.
 3. Safety Zones to be in accordance with Chapter 8 and maintained at all times.
 4. All necessary consultation, liaison and approvals will have taken place before installation.
 5. Any changes to the TM Plan undertaken on site must be communicated to and approved by the Designer and notified to the PSDP and PSCS.

- Duties and Responsibilities:**
1. The Designer has designed the attached TTM plan with all the best available information available at the time of design. Should any further information become applicable it should be communicated to the designer for review and inclusion in the design as necessary.
 2. It is the client's responsibility to employ a competent person to ensure that the scheme is installed safely.
 3. For safe and consistent methods of TTM installation the installer of the scheme should as a minimum refer to the DTTaS documents "Temporary Traffic Management Operations Guidance Parts 0, 1, 2 & 3" as appropriate. This should be carried out in addition to and in combination with the installers own method statement, risk assessment and SOP's.

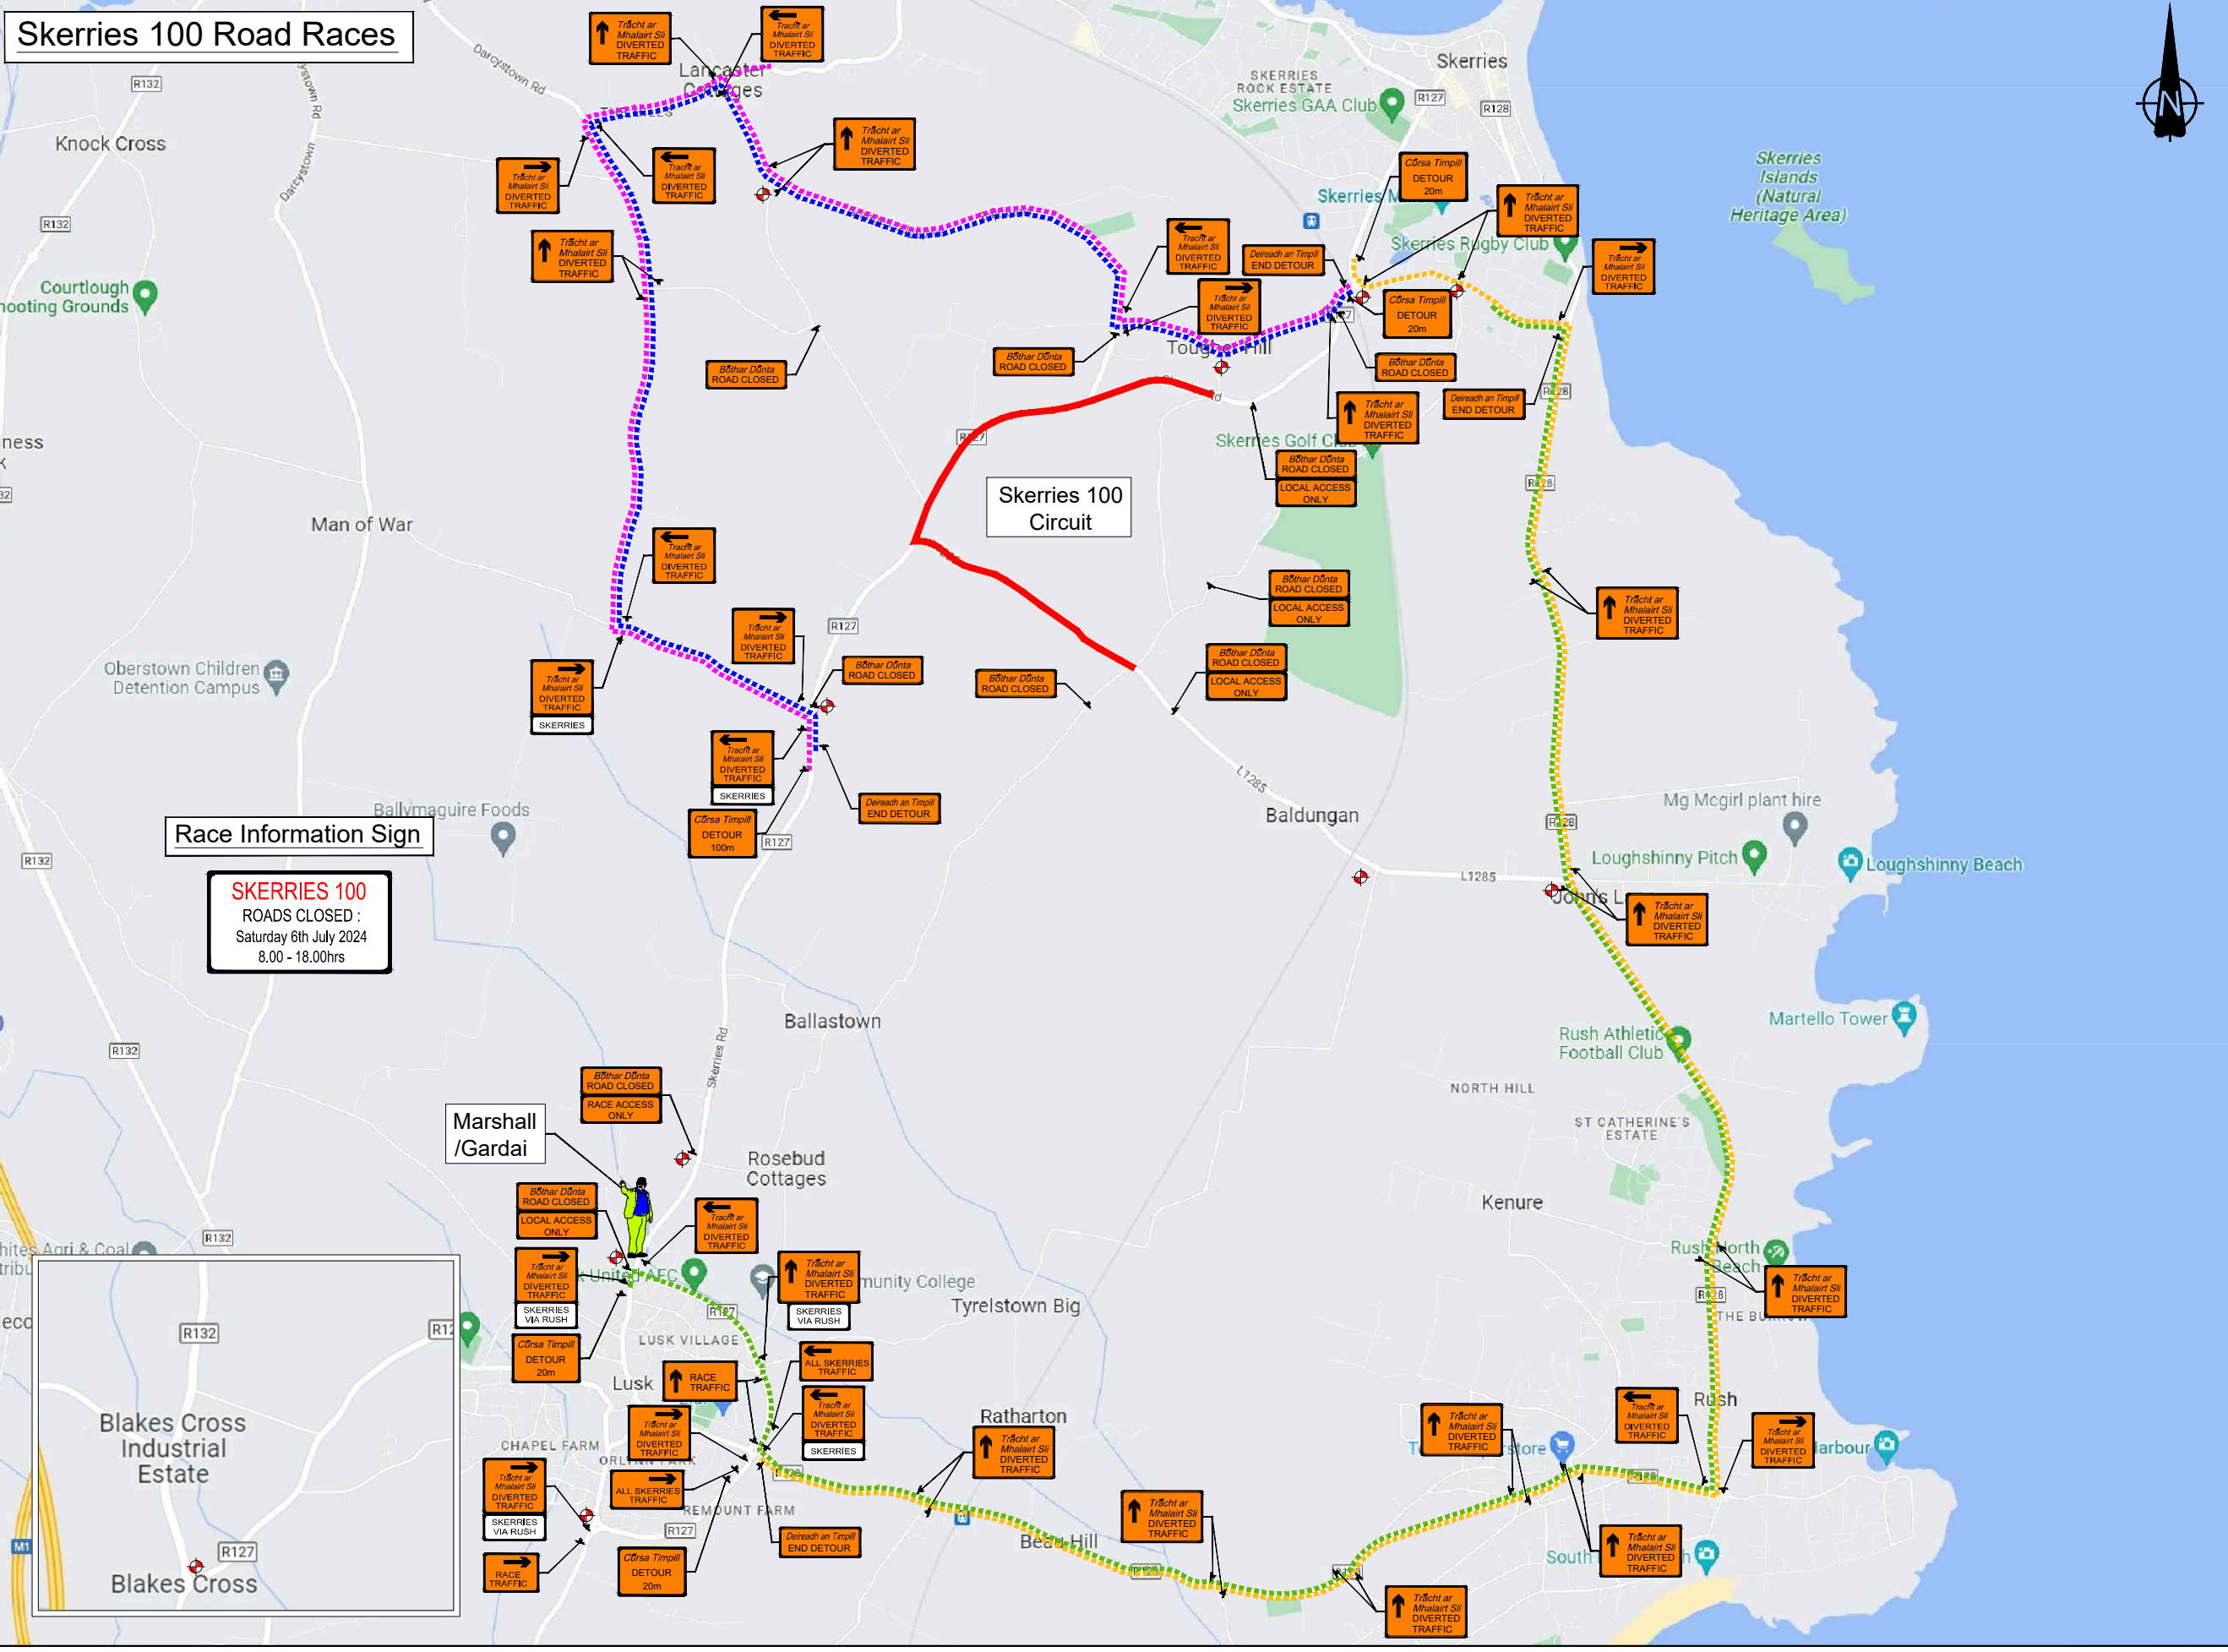

- Site Specific Notes:**
1. Access maintained to pedestrians and all residents.
 2. Gardaí/Marshalls to be placed as required by the Race Organisers.
 3. Road closing times:
