Re: Baldoyle & Portmarnock pedestrian and cyclist scheme  
Notice under section 177AE (4) of the planning and development act 2000 as amended

Dear Sir/Madam,

In the early eighties we as residents in Baldoyle sought to have a pedestrian path instated from Baldoyle to Portmarnock and had discussions with the Council and Parks and Wildlife. The path was to go on the estuary side and now some thirty five years later we are to have both a pedestrian and cycle pathway from Baldoyle to Portmarnock across from the estuary on the development side of the roadway.

I attended a public meeting recently in Baldoyle Community Hall and viewed and heard the plans on this proposed development. By and large the plan was very impressive and I would see it as a great improvement for public safety both for pedestrians and cyclists alike. It would be great if this plan could get the go ahead from An Bord Pleanála that would allow this development to go ahead this year and be completed by years end. The area would benefit greatly from this improved facility and I have no doubt it will be used as much if not more than the Bord Walk on Strand Road, Baldoyle, which sees walkers on this stretch from early morning to night.

Looking forward to a favorable decision by the Bord hopefully in the very near future.

Yours faithfully,

Marie T Cummins
