## Addition to previous observations under Ref.: FIN-C453-36

**Caibidil:** Section 2: Appendices » Appendix 5: Record of Protected Structures and AC...

In reference to the review of the RSP details in my previous submission (FIN-C453-36) I would like to correct an error:

RPS No.:

0034     **Update title:** *Old Mill Bridge* **To:** Coolfores Bridge (see Fingal Historic Bridges Project). **Update description:** *Mid 19th century single-arch stone road bridge over River Devlin* **To:** *19th century single-arch stone road bridge over Delvin River.*

**\* Retain Title:** Old Mill Bridge.

**Reason:** I have since checked the historic maps and the Name Old Mill Bridge appears on three maps (*The Historic Bridges Project* titled the bridge 'Coolfores Bridge').

Please update the record description and other record details as contained in my previous submission FIN-C453-36.

Kind regards, Ian
