Market gardening tradition

Caibidil: Section 1: Written Statement» Chapter 7: Employment and Economy

1. Facilitate the development of Rush as a vibrant town and retain its market gardening tradition. It is important for local food supply and self sufficiency that the council maintain zoning for farm produce. Any erosion of farmland for housing impacts on the sustainability of the community. We need to build on and increase our market gardening tradition.

23. Promote and facilitate the development of enterprises and business uses to encourage local employment opportunities and provide for local working hubs.
