## **poor water quality and lack of waste disposal facilities on beaches**

**Caibidil:** Section 3: Environmental Reports » Strategic Environmental Assessment

Beaches are used all year round for dog walking etc, many users fail to dispose of waste and to compound the issue there are few signs or facilities on or around the north beach. In addition waste water is being pumped into the sea at several areas.

13. To complete the Rogertown Coastal Flood Relief package in the lifetime of this Development Plan.
