Draft Fingal County Development Plan 2023-2029

Tráchtanna:

Protect Elmgreen Golf Club

Caibidil: Section 3: Environmental Reports » Strategic Environmental Assessment

From my reading there appears to be the intention to zone the lands of the golf club as residential. This club is one of the few public courses, providing an key facility to over 1000 people to enjoy the open air and physical activity. Many groups avail of the course including the special olympics team. The club meets main of the aims of the development plan and should be retained. I request this element of the plan is reconsidered.
