Draft Fingal County Development Plan 2023-2029

Tigher turning radii - yes!

Caibidil: Section 1: Written Statement» Chapter 6: Connectivity and Movement

Objective CMO43 – Design Manual for Urban Roads and Streets

Yes, please do tighten up turning radii as DMURS allows.

Maybe consider raising the roadway to meet the footpath, instead of dropping the footpath to roadway, when entering a housing estate (especially if going from 50km/h to 30km/h) to further highlight pedestrian priority.
