To whom it may concern,

I welcome the commitment this upcoming development plan 2023-2029 shows for an LAP to be completed for the Coolquay RV. This is long overdue and it would be great to see this completed first before further lands are rezoned. Any increase in zoning in Coolquay to RV (PA SH 3.5) is not consistent with the core strategy of the development plan (ref: table 2.14 page 51).

Best regards,

R Beyer
