Submission to Fingal Draft Development Plan 2023 -2029

I wish to make a submission in respect of 3.5. 15.2 Rural Clusters (page 127)

That the line commencing Within areas....

Be amended by the deletion of the word "currently".

I submit that, as the plan at Objective SPQH049 seeks "the vitality and regeneration of Rural Communities", what better way to do this than to facilitate those of a Rural pedigree and heritage the opportunity to remain part of their home community.

Signed

Cathal Boland
