

[REDACTED]

Submission to Fingal Draft Development Plan 2023 -2029

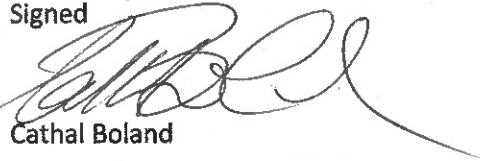

I wish to make a submission in respect of 3.5. 15.2 Rural Clusters (page 127)

That the indented line commencing Persons currently living and who have lived continuously for the past ten years

Be amended by the deletion of the word **ten** and replaced by **five**.

I submit that a person who has lived for five years has demonstrated commitment to an area and is a member of the community and should be afforded the opportunity to establish a home in their own name within the community in which they currently live.

Signed

Cathal Boland
