

NOTES

Refer to M&E Specification for wall vents. Location of wall vents to be confirmed by the Architect.
Cross refer detailed drawings of all openings and eaves details.
Spot Elevation Heights refer to Ridge Height, Eaves Height and FFL.
Elevations are typical and repeated, see notes on contiguous elevations for variations.
Brickwork
Bond: Flemish to all locations
1.5 bricks to Vertical Soldier Course required above porch opening and all door/window openings including side gates and head of parapet walls
