

PA SH 3.9 Delete map-based local objective 36 as follows

Address the 'weakness of the LAP' identified by An Bord Pleanála's report refusing the Rivermeade development planning application where they stated that the "lands cannot be developed without the road infrastructure being in place either prior to or during the construction of the housing development" by completing the 2.5km upgrades required to 185 Toberburr Road which will open up the land for much needed housing developments in a timely manner

Replace with the following new map-based local objective:

Fingal County Council commits to delivering the necessary upgrade of Toberburr Road in the short term, to include improved forward visibility at a number of sharp bends, through verge widening, and a shared footpath and cycle lane along one side.'
